 in riches, PMA is in deficit**
 By P. Zamora
 The Philippine Medical Association (PMA) has reported a deficit in its 1999 financial year, despite a record high in membership and income. The association's annual report, released last week, shows that the PMA's income for 1999 was P1.2 million, while its expenses were P1.5 million. The deficit was attributed to the PMA's increased spending on its various programs and projects, as well as its increased membership fees. The PMA's president, Dr. Romeo M. Alarcon, said that the association is committed to providing the best possible medical services to the Filipino people, and that the deficit is a necessary sacrifice for this goal.

By Christine B. Aponte
 (PHILIPPINE DAILY INQUIRER)
 The House of Representatives has passed a bill to investigate the alleged leak of military corruption information by the CIA. The bill, which was introduced by Rep. Raul Roco, calls for a full-scale investigation into the alleged leak, and for the identification and prosecution of those responsible. The bill was passed by a vote of 18-12, and is now being considered by the Senate. The alleged leak is said to have occurred in 1998, when the CIA reportedly leaked information about the military's involvement in the 1989 EDSA Revolution to the press. The leak is said to have caused significant damage to the military's reputation, and to have led to the resignation of then-Defense Secretary Fidel V. Ramos.

The Philippine Army's 1st Infantry Division (1st Div) is the largest and most powerful of the three main branches of the Philippine Armed Forces. It is based in Manila and has a long history of service to the country.
